Make Gordonston Great Again

Children-first legacy on Gwinnett Street

Not a political campaign - neighborhood restoration

WHAT IS BROKEN:

- Shuman Elementary closed - - Most families commute farther; walk-to-Goebel mornings are gone.
- Triple vacancy - - Closed school, idle church classrooms, locked Juliette Gordon Low Park.
- 2011 park feud never finished - - Residents Only lingered; no written children's access policy.
- Twickenham children isolated - - Banished at the gate; the field and walk they knew are gone.
- District strain on reading and writing - - SCCPSS still below state on core subjects; study hall is extra help, not a new school.

WHAT WE DO

- Volunteer homework campus - at Christ's Community (1805 E. Gwinnett) on open weekdays - - secular schoolwork only.
- 100% compatible with host worship - - No counter-proselytizing; Sunday services unchanged.
- Free for Gordonston, Twickenham, and nearby blocks - - Pilot small: one aide, one or two days.
- Park reconciliation - - Posted hours, head count, Twickenham and Gordonston kids together under clear rules.
- Act as a community - - Discovery phase; tell us what you think before any formal pitch.

Author proposal in discovery phase - not yet endorsed by church, park trustees, GNA, or SCCPSS.
